# About us

Servokon Education Foundation is a Section 8 company, registered under the Companies Act, 2013, in March 2022. Our mission is to provide educational opportunities and holistic support to individuals from Economically & Socially backward communities, particularly those aspiring to appear for the UPSC Civil Services examination.

Servokon Education Foundation (SEF) stands as a beacon of hope and opportunity, driven by the profound belief that talent knows no economic boundaries. The Foundation provides an all-inclusive ecosystem designed for success, ensuring our students receive the same advantages as their mainstream counterparts.

*"Education is the most powerful weapon which you can use to change the world."*

## Founder's Message

India's strength lies in its diversity and the potential of its youth. Yet, countless talented minds from Socially & Economically Backward Classes (SEBC) are denied the chance to dream big simply because of financial constraints and systemic inequalities. Servokon Education Foundation was founded with a single goal-to bridge this opportunity gap.

At SEF, we believe that education should be a dream accessible to all, not a privilege of the few. Through structured support we strive to create an ecosystem where merit thrives, regardless of background. Our mission is not just to prepare students for exams, but to build the next generation of empathetic and efficient citizens who will shape India's future.

We invite you to join us on this journey-not just to support an NGO, but to invest in a movement that champions equity, uplifts lives, and strengthens our democracy from its roots!

*"Live as if you were to die tomorrow. Learn as if you were to live forever."*
